INSPIRED POS DESIGN AND MANUFACTURING FOR THE FUTURE

**MADE IN
BRITAIN**

Alplas manufactures in the UK from a 63,000 square feet site just outside the M25.

We have the scale and immediate service level to meet market demands, from the smallest orders to the largest bulk deliveries.

Environmental impact and climate change

This is now widely understood with a public call for responsibility with plastic use and carbon emissions.

Alplas is working very hard to ensure that customers can see what we are doing in continuing to improve the sustainability of our products and manufacturing operation.

Alplas is accredited to the Environmental Standard ISO 14001 (with UKAS approved auditing)

So just what is Alplas doing?

We have 3 areas where we control and can pass on our reduced carbon footprint and sustainability:

1. In-house care

Alplas is working towards a carbon neutral future with projects aimed at maximised recycling, energy reduction and carbon footprint reduction. These include:

- 100% polymer waste recycling
- packaging recycling
- using sustainable cartons with paper tapes to assist recycling
- lighting and heating efficiency upgrades

2. Products

The greatest impact we can have in helping environmental sustainability is with the products we place upon the market.

- 55% of Alplas manufactured products use recycled polymer - including polystyrene recycled from end of life white goods. We are working to increase the use of recycled polymer
- use of nature based bio-compostable polymers that are derived from naturally occurring plant starch, e.g. our bio-compostable Corr-a-clips
- researching to adopt more sustainable polymers as well as avoiding unsustainable and problematic polymers
- products marking to aid waste stream management

3. Local production

Our products have equivalents that other companies source from around the world, particularly the Far East. UK/EU production for UK/EU product use dramatically reduces the supply journey (by up to 5000+ miles), reducing carbon footprint emissions.

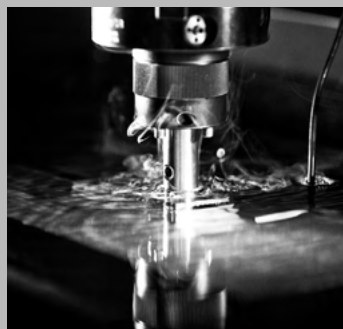

Alplas uses the latest technology from Solidworks design and rendering to 3 axis fully automated milling and robot enhanced injection moulding, giving complete design and manufacture control.

The newest POS accessory ideas are developed into designs and rapid prototype models for testing.

Our engineers then produce the injection moulding tools for our in-house manufacture.

Bespoke production

Alplas can produce rapidly, to suit individual customer requirements. This means that if, for example, you need a merchandising hook that's not available from stock we'll make it – very quickly.

Strength

We can even make products from super strength polymers (as used in F1 racing and aviation) as an alternative to expensive metals.

Colour

We can also colour products to suit your campaign or brand colour. Just give us the Pantone or RAL colour reference and we'll match it.

alpas

POINT OF SALE
alpas
ACCESSORIES

OUR ORIGINS

Alpas was the first, the original Point of Sale (POS) accessory company in the UK, incorporated in 1965 and has an international reputation for product origination, quality and reliable, friendly service into the international POS market.

The original logo and it's development over the years

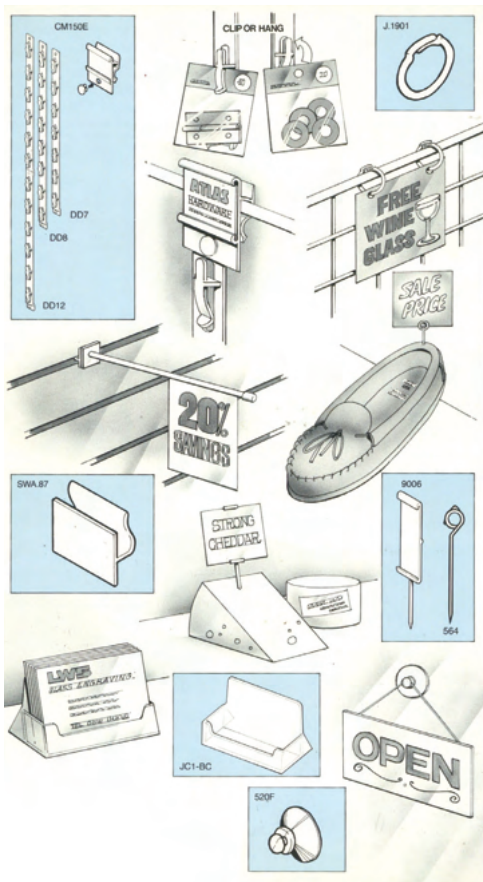

As a third generation family business, Alpas has developed into a comprehensive design, engineering and manufacturing company, unlike many re-sale companies operating throughout the sector.

Olympia 1974

Earls Court 1976

We also have longstanding relationships with some of the world's best POS accessory companies, supplementing our own production and providing a growing export market for our British made goods.

Mr. Hood senior

L to R Alpas Directors Dean Brown, Joe Hood, Bernard Hood, Tessa Atkinson, Andy Atkinson, Ewan Atkinson

ALPLAS INNOVATION

In the 1990's Alplas introduced the first ever plastic eurohook – now much copied around the world. Recognising safety and improved in-store use, we have designed and developed a revolutionary new hook range that combines a rounded end and the ability to use a pricing swing tag - a world first. Registered Design 6025121

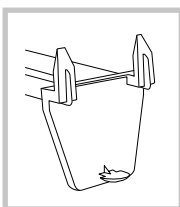

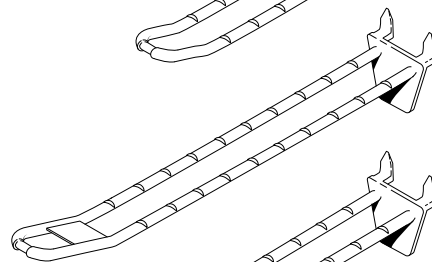

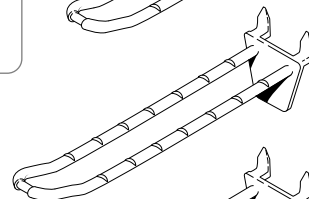

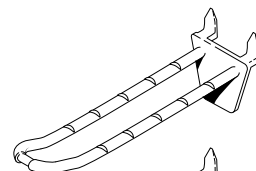

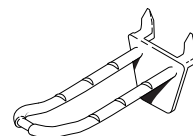

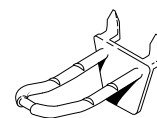

ROUND ENDED HOOKS

A fantastic new range of round ended, glass reinforced nylon hooks with alternative back plates for different applications. Suitable for pricing Swing Tags

- Low cost
- Fast turn-around
- Lightweight yet very strong
- White from stock
- Any colour made to order

* Smaller sizes have reduced length hook tip

Also available in **super strength** **METAL** replacement polymer

ALPLAS INNOVATION

Alplas has always brought new display products to the market and this is an example where we applied lateral thinking to our extensive swing tag range, creating an entirely new solution to a growing in-store problem

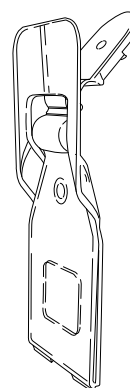

ANTI-SWEEP SWING TAG

Patent Pending GB1701822.7

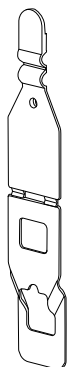

Clear polypropylene snap-on pricing tag that acts as a low cost anti-theft device, preventing single handed removal of merchandise. Pocket takes pricing label size 25x27mm. Colour tinting available to order

526P-AS locks over 4.8mm Ø

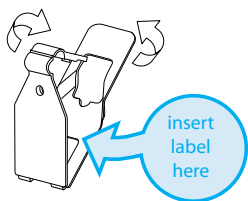

526P-6AS locks over 6mm Ø

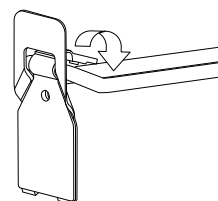

HOW TO FIT THE ANTI-SWEEP TAG

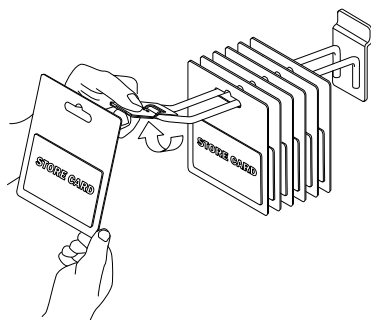

Supplied flat, fold the tag and pass the snap fastening through the corresponding hole

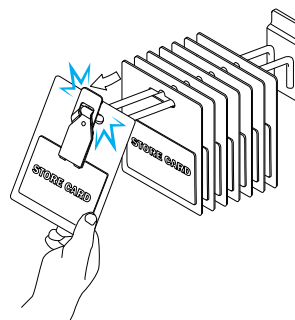

Pass the snap fastening over the end of the Eurohook and snap shut

Tilt the tag to load merchandise

Tag instantly becomes an anti-theft device

**STOP LOCK**

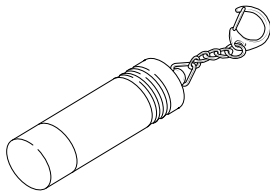

Red anti-theft security device that snaps shut around hook wire. Requires stop lock key for removal

551R5 for 4.8mm wire

551R6 for 6mm wire

551R5

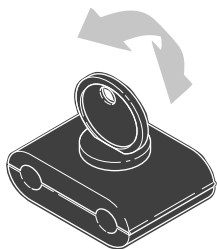

**STOP LOCK KEY**

A strong magnetic detacher for Stop Lock. Comes with key ring/belt attachment

551SLK

551SLK

**HOOK LOCK**

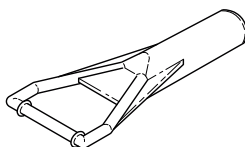

White or black plastic lock to protect products on Eurohooks from theft. Includes key. Has two 7mm Ø holes at a 25mm pitch. Ask for sample to check fit

550W white

550B black

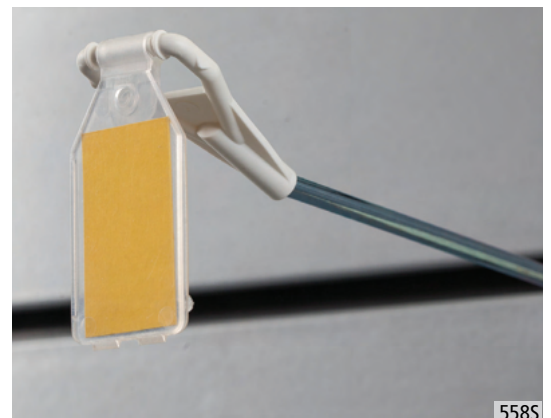

550B

**SINGLE PRONG ADAPTOR**

White polyethylene adaptor for single prong hooks. Designed to fit 6mm Ø wire

MAGIK FRAME

A brilliant and easy way to display messages on glass, again and again – no more adhesive tapes and tacks

After years of research this product uses a fantastic new adhesive that holds posters on any smooth surface.

The product can be removed and reused over and over again without it losing adhesion and without leaving any residue behind. Simply remove the release liner from the adhesive, insert the sign and then apply to the surface. Remove and re-apply as required.

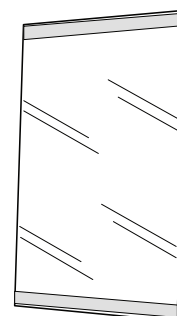

Suitable on glass, doors, windows, exhibit cases, painted walls, metal, wood or other similar smooth flat surfaces.

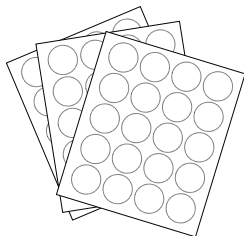

MAGIK FRAME

Clear PET UV protected double sided reusable sign holder. Available with either white or black adhesive tape

52150 clear

SCORPION CLIP
White plastic clip designed to fit 39mm standard label holder

5211

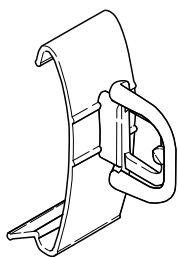

INNOVATIVE MANUFACTURING

AEROFOIL SIGN HOLDERS

Our NEW aerofoil sign holders have been specifically designed to be used with chiller cabinet aerofoil blades which have revolutionised supermarket refrigeration. The blades channel the cool air stream, reducing loss to the atmosphere and reducing energy consumption by up to 40%.

Our clips simply snap on to the blades and hold category dividers and bus stop signs at the shelf edge.

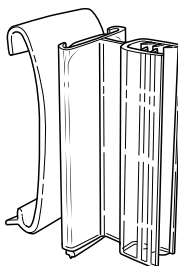

new

AEROFOIL BUS STOP SIGN HOLDER

Neutral coloured polypropylene snap-on clip for mounting to aerofoil blades at the chiller cabinet shelf edge. Holds smaller bus stop signs up to 1.5mm thick

5226-V3 fits 47mm blades

5226-V4 fits 53mm blades

new

Just call us*

MAGNETIC CEILING HOOK
White metal cased magnet with hook. Supports pull loads up to approx 10kg
5345 36mm Ø

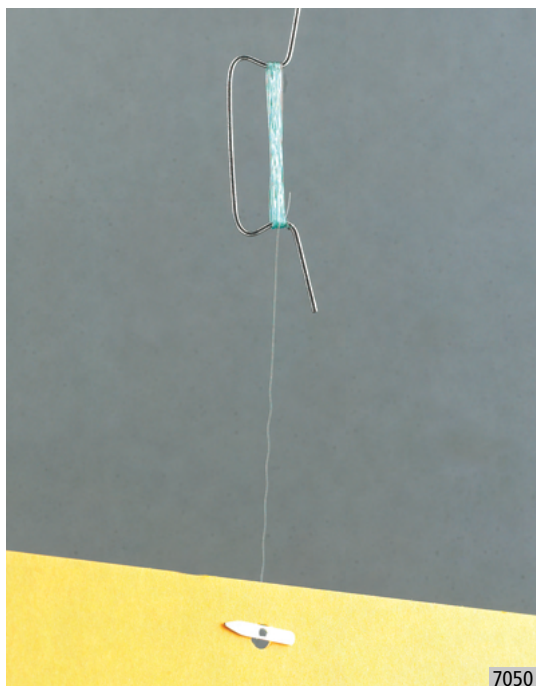

MAGNETIC CEILING HOOK
White metal cased superpower neo magnet with hook. Supports pull loads up to approx 15.5kg
534XL 47mm Ø

SUPERPOWER MAGNETIC CEILING HOOK
White metal cased superpower magnet with hook. Supports pull loads up to approx 30-32kg
5347 63mm Ø

The strength of all magnets relies on the fixing point. Heavily painted, greasy, dirty or uneven surfaces will result in decreased hold. If using our magnets in less than ideal conditions we suggest that the actual load applied to magnets is around 1/3 of the pull weight indicated. Always check the suitability of the magnet for the job required.

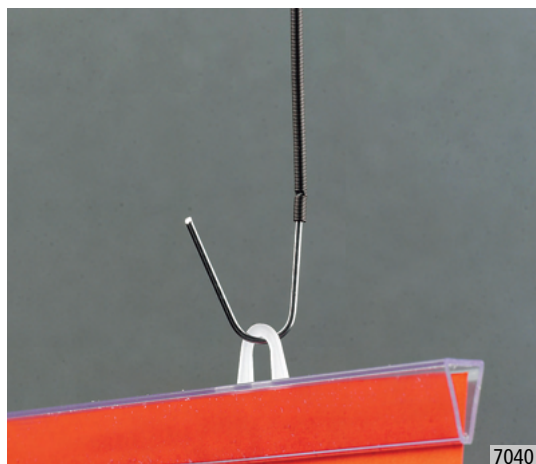

HANGING / SUSPENDED DISPLAY - hooks / rings / lines

NYLON WIRE HANGER

Plated wire hook with nylon line and barb. Line extends to 120cm and has 0.7kg breaking strain

7050

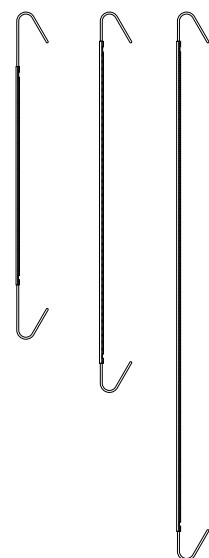

JET SET WIRES

Plated hanging wire. Pull to required length and it holds its position

MOBILE MAKER

The easy, lightweight and low cost way to make lightweight hanging displays in many different forms including traditional cruciform mobiles and curtain displays - now with a tip card gripper for paddle displays

This versatile display system uses 4mm clear PVC tube (cut to the required length) tube connector and hanging clips and a tip card gripper. Easily assembled in store

- Can be made up into many different forms
- Moves with the slightest ambient air movement
- Strong - components will not deform in distribution
- Lightweight for easy and low cost distribution
- Avoids Health and Safety problems when using wire

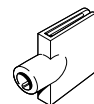

MOBILE CLIPS

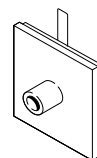

MOBILE CLIP 2-WAY
Natural polypropylene hanging/cord clip for tube

1 x 150cm monofilament

new

The safe, simple and quick way to install and remove your ceiling signs

Now a single person can install ceiling displays in seconds with their feet firmly planted on the ground.

No need for cherry pickers, towers or ladders, simply lift signs into position

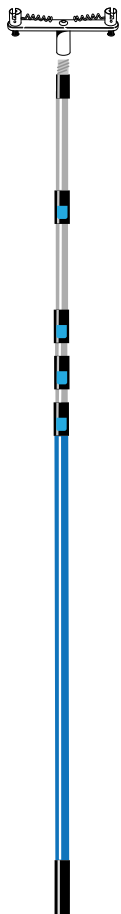

3 easy-to-use components

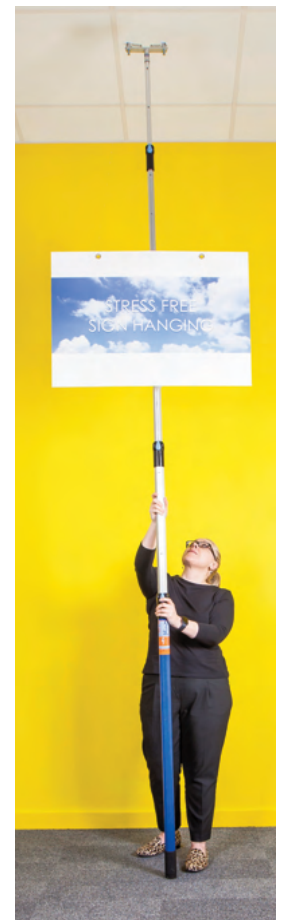

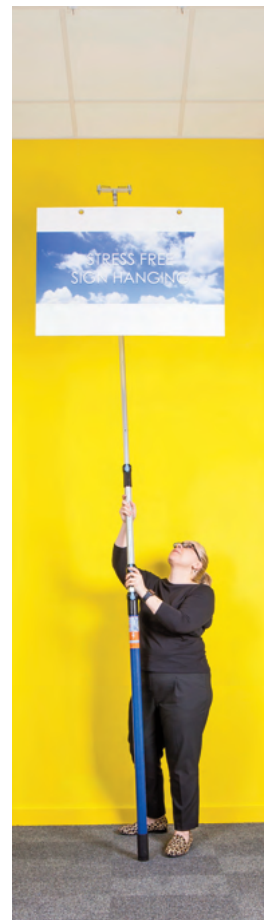

Pole with Mag Mover

Ceiling Magnet

Loopline

- 1 Attach** the Clik Magnets and Loopline to your sign
- 2 Fit** Clik Magnets onto the Mag Mover
- 3 Extend** the MagPole and lift sign into position (or remove sign)

HANGING / SUSPENDED DISPLAY - Klik-Klik

new

CLIK MAGPOLES

Lightweight aluminium telescopic installation poles are available in 3 models depending on the height of your ceiling. Providing the ability to reach ceilings up to 27ft. (8.2m) from the safety of the floor

CC-MP11702	extends to 3.9m
CC-MP18000	extends to 6.7m
CC-MP18023	extends to 8.2m

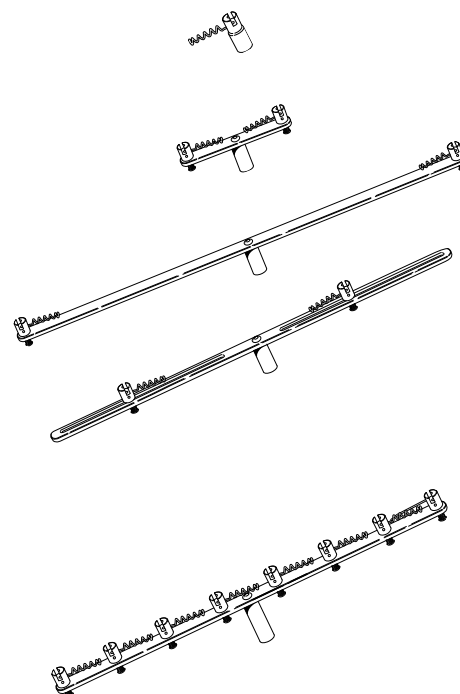

new

CLIK MAGMOVERS FOR 1 OR 2 SIGN HANGING POINTS

Durable metal magnet movers designed to safely position and retrieve magnets

CC-MM94290	For items requiring 1 connection point
CC-MM10402	For items requiring 2 connection points under 24 inches in width 150mm
CC-MM10242	For items requiring 2 connection points under 24 inches in width 600mm
CC-MM12402	For items requiring 2 connection points to the ceiling - adjustable between 11.43cm and 61cm to accommodate varying item widths

new

CLIK MAGMOVER FOR MULTI SIGN HANGING POINTS

Durable metal magnet movers designed to safely position and retrieve magnets

CC-MM10408	For multiple items requiring 3-8 connection points to the ceiling
------------	-------------------------------------------------------------------

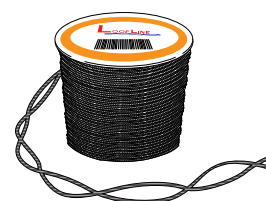

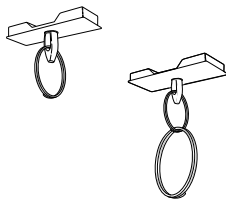

new

CLIK LOOPLINE

Fast and easy to install durable cord for hanging signs, banners, display and decorations. Patented cord consisting of 50mm repeating loops, when cords are cut with an equal number of loops the signs automatically hang level

585-CLHT with tape

 Cut to length

DUMPBIN FOOT (FLEXIBLE)

Natural polypropylene foot protects cardboard displays against floor moisture and dirt. Hinged with variable angle

2217 5mm capacity

FSDU CONSTRUCTION

Freestanding Display Units are an everyday part of in-store promotional retailing and Corr-a-Clips (RECYCLED) are an essential component in FSDU construction. Alplas keeps a large stockholding and can manufacture to your requirements including colour matching to your artwork

- Unrivalled high quality products
- Low cost Alplas manufacture
- Immediate availability from stock
- Bespoke colour matching

CORR-A-CLIP (RECYCLED)

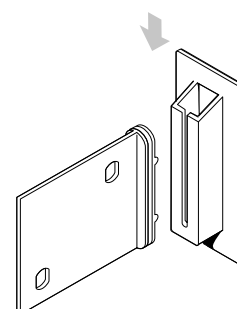

White or black recycled HIPS (High Impact Polystyrene) 2-piece shelf support for bonding into corrugated cardboard freestanding display stands. Allows for easy flat pack distribution. 57x47mm plate

3513R white

3513BR black

RECYCLED

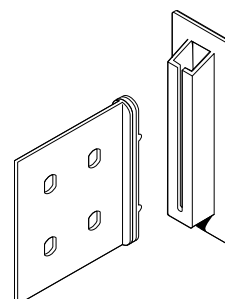

CORR-A-CLIP LARGE (RECYCLED)

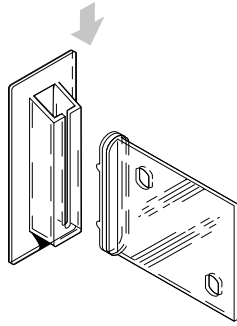

White or black HIPS 2-piece shelf support, with a 21% larger surface area than our standard clip, for adhesive bonding into corrugated cardboard. Allows for easy flat pack distribution

3513LR white, 57x59mm plate

RECYCLED

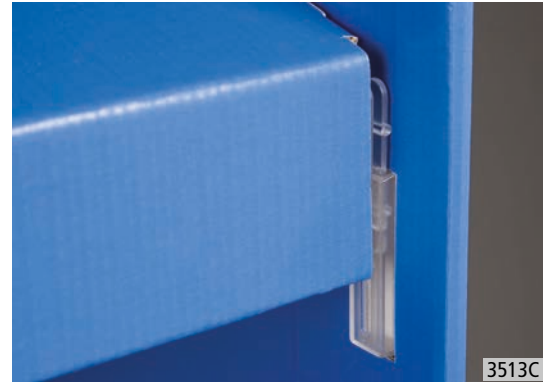

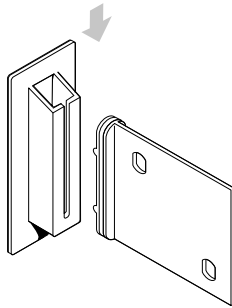

CORR-A-CLIP CLEAR

Clear crystal styrene 2-piece shelf support for bonding into corrugated cardboard FSDU

3513C 57x47mm plate

3513C

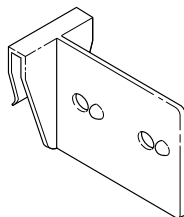

CORR-A-CLIP BIO COMPOSTABLE

Clear 2-piece shelf support for bonding into corrugated cardboard FSDU. 100% Bio Compostable PLA (Polylactic Acid)

3513BIO 57x47mm plate

3513BIO

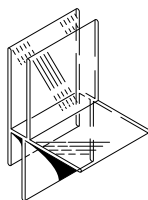

CORRUGATED SHELF SUPPORT CLIP

Natural colour plastic one piece support for shelf or divider panel - for bonding into corrugated cardboard FSDU

3511

3511

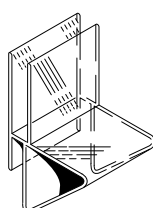

CORRUGATED BRACKET CLIP

Clear PVC clip for quick and secure corrugated shelf construction by slotting into die cut holes

3514 for 3mm thick wall & 3mm thick shelf

3514D for 3mm thick wall & 6mm thick shelf

CORRUGATED BRACKET CLIP

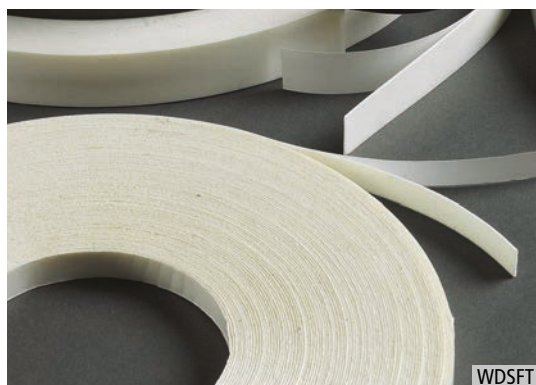

Clear PVC clip for quick and secure, high strength corrugated shelf construction by slotting into die cut holes

3515 for 3mm thick wall & 3mm thick shelf

3515D for 3mm thick wall & 6mm thick shelf

3515

TAPES

SELF-ADHESIVE FOAM TAPE

General purpose rubber based adhesive on foam carrier

WDSFT1250 12mm wide

WDSFT1950 19mm wide

WDSFT2550 25mm wide

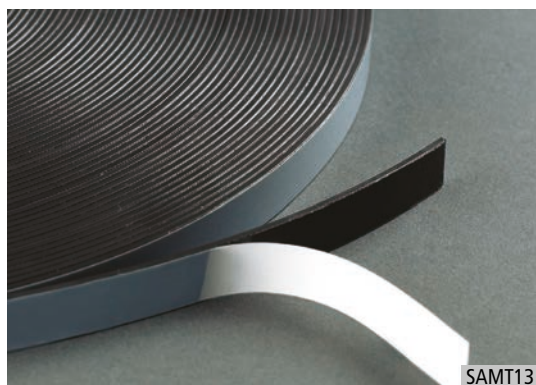

SELF-ADHESIVE POLYESTER TAPE

Thin general purpose tape with modified acrylic adhesive on polyester carrier

CDSPT0950 9mm wide

CDSPT1250 12mm wide

CDSPT1550 15mm wide

MAGNETIC

SELF-ADHESIVE MAGNETIC TAPE

Light duty magnetic tape

SAMT13 13mm wide

SAMT25 25mm wide

PADS

SELF-ADHESIVE FOAM PADS

General purpose rubber based adhesive on foam carrier

WDSFP1212 12x12mm pads

WDSFP1919 19x19mm pads

WDSFP2525 25x25mm pads

HOOK & LOOP

SELF-ADHESIVE HOOK & LOOP TAPE

General purpose tape

SAHT-20 20mm wide hook tape

SALT-20 20mm wide loop tape

SELF-ADHESIVE HOOK & LOOP PADS

General purpose tape

SAHP-2525 25x25mm hook pads

SALP-2525 25x25mm loop pads

SELF-ADHESIVE HOOK & LOOP COINS

General purpose tape

SAHC13 13mm ø hook discs

SAHC22 22mm ø hook discs

SALC13 13mm ø loop discs

SALC22 22mm ø loop discs

BUMPER STOPS

Self adhesive polyurethane non-slip protective bumpers

BS05 6.4mm Ø hemispherical

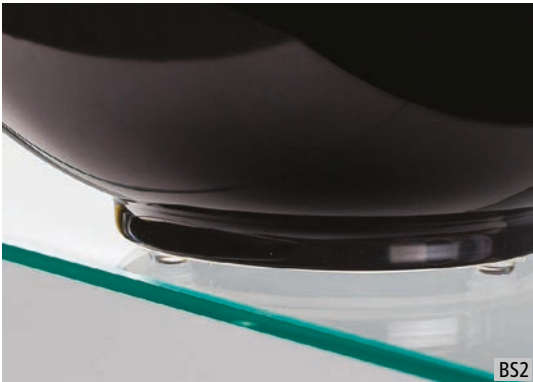

BS1 8mm Ø hemispherical

BS2 12mm Ø cylindrical

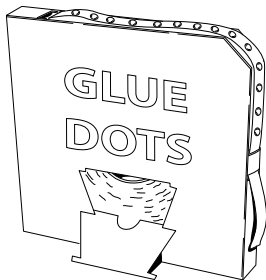

*Other sizes available

BS2

GLUE DOTS

9mm dots on a reel, in dispenser box, 2000 per box

GDLT9 9mm Ø low tack

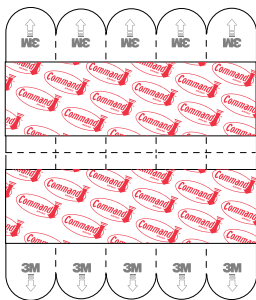

GDHT9 9mm Ø high tack

GDHS9 9mm Ø high shear

GDSHT9 9mm Ø super high tack

GDLT9

COMMAND STRIPS

Self adhesive 3M Command Strips for posters and printed signs where you wish to avoid damage to the background

Simply peel off release papers to apply most hard surfaces (excludes papered/cloth surfaces) leaving the tab accessible at the edge of the sign. To remove, locate the tab and with pressure on the end of the adhesive mount, pull the tab length-ways to release the adhesive from the background

COM-S100 pack of 100 strips

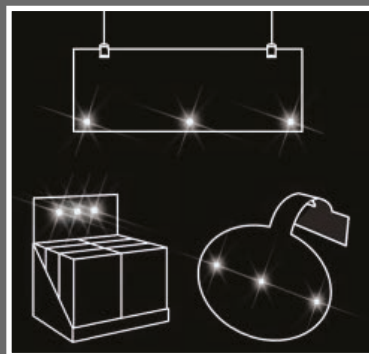

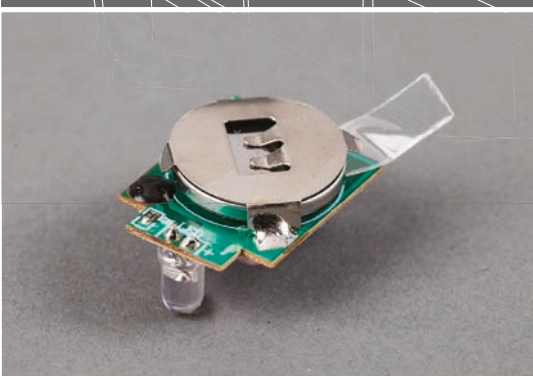

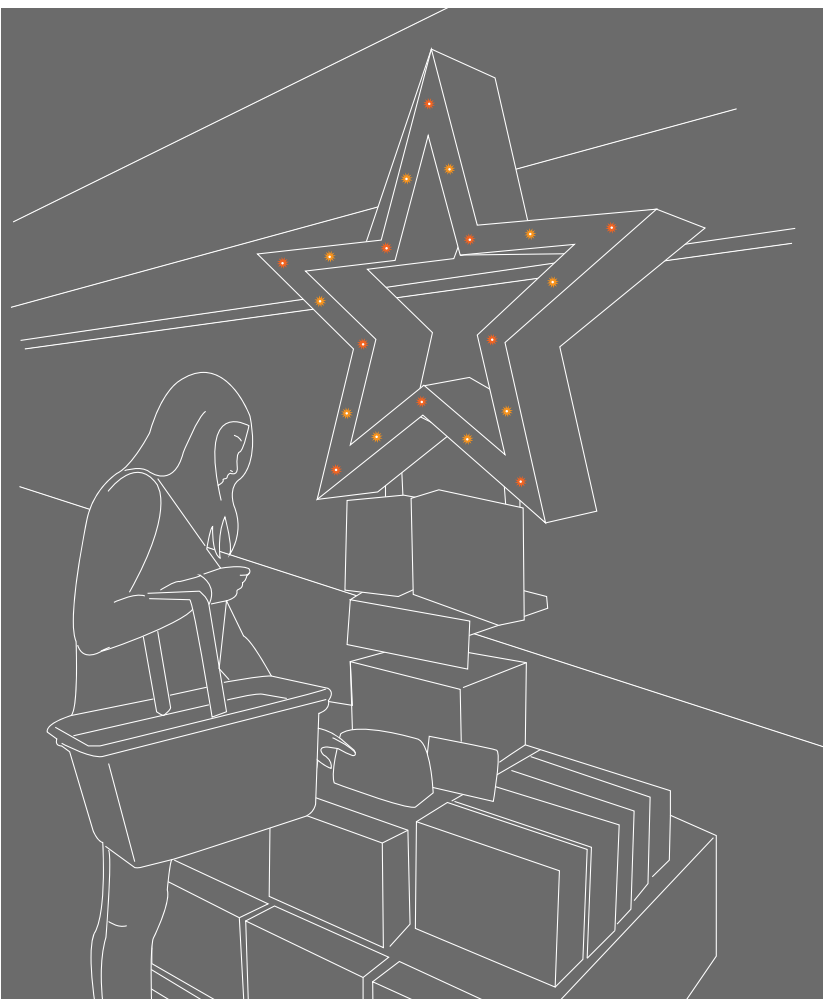

COM-S100

LED LIGHTS

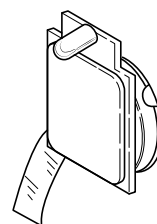

LED lights can be used to provide a high visual stimulus to signs of all types. The bright flashing lights can be used as highlights to your graphics, transforming a static image

Our stock LED lights are shown below but more complex sequencing lights are available to order. Please call for details

Single white flashing LED light for POS promotional display. Ideal for shelf edge, merchandise and all signage promotion. Self adhesive pad for mounting to rear of card. 9mm length x 5mm Ø bulb shows through die punched hole. Battery life up to 90 days. Available in various colours subject to quantity

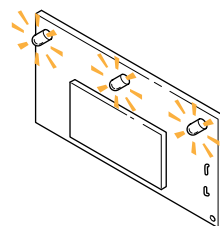

- LED1-W** single white
- LED1-B** single blue
- LED1-G** single green
- LED1-R** single red
- LED1-Y** single yellow

LED1-W

Triple flashing LED lights for POS promotional display. Ideal for shelf edge, merchandise and all signage promotion. Complete, ready for use, battery operated lights with on/off switch. Self adhesive pad for mounting to rear of card. 3mm length x 3mm Ø bulb shows through die punched hole. Battery life up to 90 days. Only available in white

LED3-W triple

TERMS AND CONDITIONS OF SALE - 2023

The customer's attention is drawn in particular to the provisions of clause 8.

1. INTERPRETATION

1.1 Definitions:

Business Day: a day other than a Saturday, Sunday or public holiday in England, when banks in London are open for business.

Business Hours: the period from 9.00 am to 5.00 pm on any Business Day.

Conditions: the terms and conditions set out in this document as amended from time to time in accordance with clause 11.4.

Contract: the contract between the Supplier and the Customer for the sale and purchase of the Goods in accordance with these Conditions and the Order Acceptance.

Consumer: means an individual acting for purposes which are wholly or mainly outside that individual's trade, business, craft or profession

Customer: the person or firm who purchases the Goods from the Supplier as set out in the Order Acceptance.

Delivery Location: has the meaning given in clause 4.2.

Force Majeure Event: an event, circumstance or cause beyond a party's reasonable control.

Goods: the goods (or any part of them) set out in the Order.

Interest Rate: the rate referred to in clause 7.6.

Order: the Customer's order for the Goods, as set out in the Order Acceptance or such other form as the Supplier may choose in its absolute discretion to accept.

Order Acceptance: the acceptance order signed by an authorised representative of the Supplier.

Specification: any specification for the Goods, including any related plans and drawings, that is agreed in writing by the Customer and the Supplier.

Supplier: Alplas Limited (registered in England and Wales with company number 00851974).

1.2 Interpretation:

(a) A person includes a natural person, corporate or unincorporated body (whether or not having separate legal personality).

(b) A reference to a party includes its personal representatives, successors and permitted assigns.

(c) A reference to legislation or a legislative provision is a reference to it as amended or re-enacted.

A reference to legislation or a legislative provision includes all subordinate legislation made under that legislation or legislative provision.

(d) Any words following the terms including, include, in particular, for example or any similar expression shall be interpreted as illustrative and shall not limit the sense of the words preceding those terms.

(e) A reference to writing or written excludes fax but not email.

2. BASIS OF CONTRACT

2.1 These Conditions apply to the Contract to the exclusion of any other terms that the Customer seeks to impose or incorporate, or which are implied by law, trade custom, practice or course of dealing.

2.2 The Order constitutes an offer by the Customer to purchase the Goods in accordance with these Conditions. The Customer is responsible for ensuring that the terms of the Order and any applicable Specification are complete and accurate.

2.3 The Order shall only be deemed to be accepted when the Supplier issues an Order Acceptance, at which point the Contract shall come into existence.

2.4 The Customer waives any right it might otherwise have to rely on any term endorsed upon, delivered with or contained in any documents of the Customer that is inconsistent with these Conditions.

2.5 Any samples, drawings, descriptive matter or advertising produced by the Supplier and any descriptions or illustrations contained in the Supplier's catalogues or brochures are produced for the sole purpose of giving an approximate idea of the Goods referred to in them. They shall not form part of the Contract nor have any contractual force.

2.6 A quotation for the Goods given by the Supplier shall not constitute an offer. A quotation shall only be valid for a period of 20 Business Days from its date of issue.

2.7 The Supplier reserves the right to apply a minimum order of value of £75 excluding the cost of delivery and VAT.

2.8 The Customer shall be responsible to the Supplier for ensuring the accuracy of the terms of any order (including any applicable Specification) submitted by the Customer, and for giving the Supplier all necessary information relating to the Goods within a sufficient time to enable the Supplier to perform its obligations in the Contract in accordance with its terms.

2.9 No order which has been accepted by the Supplier may be cancelled by the Customer except in accordance with clause 12 or with the agreement in writing of the Supplier and on terms that the Customer will indemnify the Supplier in full against all losses, including loss of profits, costs (including the costs of all labour and materials used) damages, charges and expenses incurred by the Supplier as a result of cancellation of stock. Except as applicable in clause 12 a charge of 15% of the Order value, in addition to the losses outlined above, should be charged to the Customer in respect of any cancelled Orders. Any Orders cancelled in accordance with this clause shall be returned by the Customer to the Supplier at the Customer's cost and the Supplier shall only be obliged to accept this if they are in good condition.

2.10 Products made or packaged to the customers specification are not refundable in accordance with this clause 2.

2.11 Any special conditions agreed in writing in the Order Acceptance or otherwise shall override the terms herein.

3. GOODS

3.1 The Goods are described in the Supplier's catalogue and website as modified by any applicable Specification.

3.2 The Customer shall indemnify the Supplier against all liabilities, costs, expenses, damages and losses (including any direct, indirect or consequential losses, loss of profit, loss of reputation and all interest at the Interest Rate, penalties and legal and other professional costs and expenses) suffered or incurred by the Supplier in connection with any claim made against the Supplier for actual or alleged infringement of a third party's intellectual property rights arising out of or in connection with the Supplier's use of the goods or Specification of the goods. This clause 3.2 shall survive termination of the Contract.

3.3 The Supplier is not responsible to the Customer for any infringement of any intellectual property rights of any person occurring as a result of the supply, manufacturing and selling any of the Goods. Any intellectual property rights and any product manufactured by the Supplier or any design, drawing or illustration produced by the Supplier remains the property of the Supplier unless otherwise agreed in writing with the Customer.

3.4 The Supplier reserves the right to amend the Specification if required by any applicable statutory or regulatory requirement, and the Supplier shall notify the Customer in any such event

4. DELIVERY

4.1 The Supplier shall ensure that:

(a) each delivery of the Goods is accompanied by a delivery note that shows the date of the Order, the type and quantity of the Goods (including the code number of the Goods, where applicable), special storage instructions (if any) and, if the Goods are being delivered by instalments, the outstanding balance of Goods remaining to be delivered; and

(b) if the Supplier requires the Customer to return any packaging materials to the Supplier, that fact is clearly stated on the delivery note. The Customer shall make any such packaging materials available for collection at such times as the Supplier shall reasonably request. Returns of packaging materials shall be at the Supplier's expense.

4.2 The Customer shall collect the Goods from the Supplier's premises at Paycocke Road, Basildon, Essex, SS14 3NW such other location as may be advised by the Supplier prior to delivery (Delivery Location) within three Business Days of the Supplier notifying the Customer that the Goods are ready.

4.3 Delivery is completed on the completion of unloading of the Goods at the Delivery Location.

4.4 Any dates quoted for delivery are approximate only, and the time of delivery is not of the essence. The Supplier shall not be liable for any delay in delivery of the Goods that is caused by a Force Majeure Event or the Customer's failure to provide the Supplier with adequate delivery instructions or any other instructions that are relevant to the supply of the Goods.

4.5 If the Supplier fails to deliver the Goods, its liability shall be limited to the costs and expenses incurred by the Customer in obtaining replacement goods of similar description and quality in the cheapest market available, less the price of the Goods. The Supplier shall have no liability for any failure to deliver the Goods to the extent that such failure is caused by a Force Majeure Event or the Customer's failure to provide the Supplier with adequate delivery instructions or any other instructions that are relevant to the supply of the Goods.

4.6 If the Customer fails to take delivery of the Goods within three Business Days of the Supplier notifying the Customer that the Goods are ready, then, except where such failure or delay is caused by a Force Majeure Event or the Supplier's failure to comply with its obligations under the Contract in respect of the Goods:

(a) delivery of the Goods shall be deemed to have been completed at 9.00 am on the third Business Day after the day on which the Supplier notified the Customer that the Goods were ready; and

(b) the Supplier shall store the Goods until actual delivery takes place, and charge the Customer for all related costs and expenses (including insurance).

4.7 If 10 Business Days after the day on which the Supplier notified the Customer that the Goods were ready for delivery the Customer has not taken actual delivery of them, the Supplier may resell or otherwise dispose of part or all of the Goods and, after deducting reasonable storage and selling costs, charge the Customer for any shortfall below the price of the Goods.

4.8 If the Supplier delivers up to and including 5% more or less than the quantity of Goods ordered or where the length of extruded goods is varied to a tolerance of up to +/- 2mm the Customer may not reject them, but on receipt of notice from the Customer that the wrong quantity of Goods were delivered, the Supplier shall make a pro rata adjustment to the invoice for the Goods or, at the option of the Supplier, shall make up the shortfall.

4.9 The Supplier may deliver the Goods by instalments, which shall be invoiced and paid for separately.

Each instalment shall constitute a separate contract. Any delay in delivery or defect in an instalment shall not entitle the Customer to cancel any other instalment.

5. QUALITY

5.1 The Supplier warrants that on delivery the Goods shall:

(a) conform in all material respects with their description and any applicable Specification; and

(b) be free from material defects in design, material and workmanship;

5.2 Subject to clause 5.3, if:

(a) the Customer gives notice in writing to the Supplier within 2 Business days from delivery that some or all of the Goods do not comply with the warranty set out in clause 5.1;

(b) the Supplier is given a reasonable opportunity of examining such Goods; and

(c) the Customer (if asked to do so by the Supplier) returns such Goods to the Supplier's place of business at the Customer's cost,

the Supplier shall, at its option, repair or replace the defective Goods, or refund the price of the defective Goods and the reasonable cost of the return of the goods in full.

5.3 The Supplier shall not be liable for the Goods' failure to comply with the warranty set out in clause 5.1 if:

(a) the Customer makes any further use of such Goods after giving notice in accordance with clause 5.2;

(b) the defect arises because the Customer failed to follow the Supplier's oral or written instructions as to the storage, commissioning, installation, use and maintenance of the Goods or (if there are none) good trade practice regarding the same;

(c) the defect arises as a result of the Supplier following any drawing, design or specification supplied by the Customer;

(d) the Customer alters or repairs such Goods without the written consent of the Supplier;

(e) the defect arises as a result of fair wear and tear, wilful damage, negligence, or abnormal storage or working conditions; or

(f) the Goods differ from their description as a result of changes made to ensure they comply with applicable statutory or regulatory requirements.

5.4 Except as provided in this clause 5, the Supplier shall have no liability to the Customer in respect of the Goods' failure to comply with the warranty set out in clause 5.1.

5.5 The terms implied by sections 13 to 15 of the Sale of Goods Act 1979 are, to the fullest extent permitted by law, excluded from the Contract.

5.6 These Conditions shall apply to any repaired or replacement Goods supplied by the Supplier.

6. TITLE AND RISK

6.1 The risk in the Goods shall pass to the Customer on completion of delivery.

(a) Title to the Goods shall not pass to the Customer until the Supplier receives payment in full (in cash or cleared funds) for the Goods and any other goods that the Supplier has supplied to the Customer in which case title to the Goods shall pass at the time of payment of all such sums.

(b) For so long as the Customer remains in possession of the Goods and whilst title thereto remains with the Supplier, the Customer shall: (i) store the Goods separately from other Goods held by the Customer so that they remain readily identifiable as the Supplier's property; (ii) not remove, deface or obscure any identifying mark or packaging on or relating to the Goods; (iii) maintain the Goods in satisfactory condition and keep them insured against all risks for their full price on the Supplier's behalf from the date of delivery; (iv) notify the Supplier immediately if it becomes subject to any of the events set out in conditions 9.1(b) (c) or (d) and (v) give the Supplier such information relating to the Goods as the Supplier may require from time to time, but the Supplier may resell or use the Goods in the ordinary course of its business.

(c) At any time before title to the Goods passes to the Customer, the Supplier may require the Customer to deliver up all Goods in its possession that have not been resold, or irrevocably incorporated into another product and if the Customer fails to do so promptly, enter any premises of the Customer or of any third party where the Goods are stored in order to recover them.

7. PRICE AND PAYMENT

7.1 The price of the Goods shall be the price set out in the Order, or, if no price is quoted, the price set out in the Supplier's published price list in force as at the date of delivery.

7.2 The Supplier may, by giving notice to the Customer at any time up to 5 Business Days before delivery, increase the price of the Goods to reflect any increase in the cost of the Goods that is due to:

- (a) any factor beyond the Supplier's control (including foreign exchange fluctuations, increases in taxes and duties, and increases in labour, materials and other manufacturing costs);
- (b) any request by the Customer to change the delivery date(s), quantities or types of Goods ordered, or the Specification; or
- (c) any delay caused by any instructions of the Customer or failure of the Customer to give the Supplier adequate or accurate information or instructions.

7.3 The price of the Goods:

- (a) excludes amounts in respect of value added tax (VAT), which the Customer shall additionally be liable to pay to the Supplier at the prevailing rate, subject to the receipt of a valid VAT invoice; and
- (b) excludes the costs and charges of packaging, insurance and transport of the Goods, which shall be invoiced to the Customer.

7.4 The Supplier may invoice the Customer for the Goods on or at any time after the completion of delivery.

7.5 The Customer shall pay each invoice submitted by the Supplier:

- (a) within 30 days of the date of the invoice or in accordance with any credit terms agreed by the Supplier and confirmed in writing to the Customer; and
- (b) in full and in cleared funds to a bank account nominated in writing by the Supplier, and time for payment shall be of the essence of the Contract.

7.6 If the Customer fails to make a payment due to the Supplier under the Contract by the due date, then, without limiting the Supplier's remedies under clause 9, the Customer shall pay interest on the overdue sum from the due date until payment of the overdue sum, whether before or after judgment. Interest under this clause 7.6 will accrue each day at 10% a year above the Bank of England's base rate from time to time, but at 10% a year for any period when that base rate is below 0%.

7.7 All amounts due under the Contract shall be paid in full without any set-off, counterclaim, deduction or withholding (other than any deduction or withholding of tax as required by law).

8. LIMITATION OF LIABILITY

8.1 The limits and exclusions in this clause reflect the insurance cover the Supplier has been able to arrange and the Customer is responsible for making its own arrangements for the insurance of any excess loss.

8.2 The restrictions on liability in this clause 8 apply to every liability arising under or in connection with the Contract including liability in contract, tort (including negligence), misrepresentation, restitution or otherwise.

8.3 Nothing in the Contract limits any liability which cannot legally be limited, including liability for:

- (a) death or personal injury caused by negligence;
- (b) fraud or fraudulent misrepresentation;
- (c) breach of the terms implied by section 12 of the Sale of Goods Act 1979; or
- (d) defective products under the Consumer Protection Act 1987.

8.4 Subject to clause 8.3, the Supplier's total liability to the Customer shall not exceed the value of the Goods. The parties acknowledge and agree that this is reasonable having regard to the need for the extent of the Supplier's liability to be reasonably foreseeable.

8.5 Subject to clause 8.3, the following types of loss are wholly excluded:

- (a) loss of profits;
- (b) loss of sales or business;
- (c) loss of agreements or contracts;
- (d) loss of anticipated savings;
- (e) loss of use or corruption of software, data or information;
- (f) loss of or damage to goodwill; and
- (g) indirect or consequential loss.

8.6 This clause 8 shall survive termination of the Contract.

9. TERMINATION

9.1 Without limiting its other rights or remedies, the Supplier may terminate this Contract with immediate effect by giving written notice to the Customer if:

- (a) the Customer commits a material breach of any term of the Contract and (if such a breach is remediable) fails to remedy that breach within 7 days of that party being notified in writing to do so;
- (b) the Customer takes any step or action in connection with its entering administration, provisional liquidation or any composition or arrangement with its creditors (other than in relation to a solvent restructuring), obtaining a moratorium, being wound up (whether voluntarily or by order of the court, unless for the purpose of a solvent restructuring), having a receiver appointed to any of its assets or ceasing to carry on business or, if the step or action is taken in another jurisdiction, in connection with any analogous procedure in the relevant jurisdiction;
- (c) the Customer suspends, threatens to suspend, ceases or threatens to cease to carry on all or a substantial part of its business; or
- (d) the Customer's financial position deteriorates so far as to reasonably justify the opinion that its ability to give effect to the terms of the Contract is in jeopardy.

9.2 Without limiting its other rights or remedies, the Supplier may suspend provision of the Goods under the Contract or any other contract between the Customer and the Supplier if the Customer becomes subject to any of the events listed in clause 9.1(b) to clause 9.1(d), or the Supplier reasonably believes that the Customer is about to become subject to any of them, or if the Customer fails to pay any amount due under this Contract on the due date for payment.

9.3 Without limiting its other rights or remedies, the Supplier may terminate the Contract with immediate effect by giving written notice to the Customer if the Customer fails to pay any amount due under the Contract on the due date for payment.

9.4 On termination of the Contract for any reason the Customer shall immediately pay to the Supplier all of the Supplier's outstanding unpaid invoices and interest at the Interest Rate and, in respect of Goods supplied but for which no invoice has been submitted, the Supplier shall submit an invoice, which shall be payable by the Customer immediately on receipt.

9.5 Termination or expiry of the Contract, however arising, shall not affect any of the parties' rights and remedies that have accrued as at termination or expiry, including the right to claim damages in respect of any breach of the Contract which existed at or before the date of termination or expiry.

9.6 Any provision of the Contract that expressly or by implication is intended to come into or continue in force on or after termination or expiry of the Contract shall remain in full force and effect.

10. FORCE MAJEURE

Neither party shall be in breach of the Contract or otherwise liable for any failure or delay in the performance of its obligations if such delay or failure results from a Force Majeure Event. The time for performance of such obligations shall be extended accordingly. If the period of delay or non-performance continues for 12 weeks, the party not affected may terminate the Contract by giving 7 days' written notice to the affected party.

11. GENERAL

11.1 Assignment and other dealings.

(a) The Supplier may at any time assign, transfer, mortgage, charge, subcontract, delegate, declare a trust over or deal in any other manner with all or any of its rights or obligations under the Contract.

(b) The Customer may not assign, transfer, mortgage, charge, subcontract, delegate, declare a trust over or deal in any other manner with any or all of its rights or obligations under the Contract without the prior written consent of the Supplier.

11.2 Confidentiality.

(a) Each party undertakes that it shall not at any time, disclose to any person any confidential information concerning the business, assets, affairs, customers, clients or suppliers of the other party, except as permitted by clause 11.2(b).

(b) Each party may disclose the other party's confidential information:

- (i) to its employees, officers, representatives, contractors, subcontractors or advisers who need to know such information for the purposes of exercising the party's rights or carrying out its obligations under the Contract. Each party shall ensure that its employees, officers, representatives, contractors, subcontractors or advisers to whom it discloses the other party's confidential information comply with this clause 11.2; and
 - (ii) as may be required by law, a court of competent jurisdiction or any governmental or regulatory authority.
- (c) Neither party shall use the other party's confidential information for any purpose other than to exercise its rights and perform its obligations under or in connection with the Contract.

(d) No information in the public domain shall be deemed to be confidential for the purposes of this clause.

11.3 Entire agreement.

(a) The Contract constitutes the entire agreement between the parties.

(b) Each party acknowledges that in entering into the Contract it does not rely on any statement, representation, assurance or warranty (whether made innocently or negligently) that is not set out in the Contract. Each party agrees that it shall have no claim for innocent or negligent misrepresentation or negligent misstatement based on any statement in the Contract.

11.4 Variation. No variation of this Contract shall be effective unless it is in writing and signed by the parties (or their authorised representatives).

11.5 Waiver.

(a) A waiver of any right or remedy is only effective if given in writing and shall not be deemed a waiver of any subsequent right or remedy.

(b) A delay or failure to exercise, or the single or partial exercise of, any right or remedy shall not waive that or any other right or remedy, nor shall it prevent or restrict the further exercise of that or any other right or remedy.

11.6 Severance. If any provision or part-provision of the Contract is or becomes invalid, illegal or unenforceable, it shall be deemed deleted, but that shall not affect the validity and enforceability of the rest of the Contract. If any provision of the Contract is deemed deleted under this clause 11.6 the parties shall negotiate in good faith to agree a replacement provision that, to the greatest extent possible, achieves the intended commercial result of the original provision.

11.7 Notices.

(a) Any notice given to a party under or in connection with the Contract shall be in writing and shall be:

- (i) delivered by hand or by pre-paid first-class post or other next working day delivery service at its registered office (if a company) or its principal place of business (in any other case); or
- (ii) sent by email to the address stated in the Order Acceptance (or an address substituted in writing by the party to be served)

(b) Any notice shall be deemed to have been received:

- (i) if delivered by hand, at the time the notice is left at the proper address;
- (ii) if sent by pre-paid first-class post or other next working day delivery service, at 9.00 am on the second Business Day after posting; or
- (iii) if sent by email, at the time of transmission, or, if this time falls outside Business Hours in the place of receipt, when Business Hours resume.

(c) This clause does not apply to the service of any proceedings or other documents in any legal action or, where applicable, any arbitration or other method of dispute resolution.

11.8 Third party rights.

(a) The Contract does not give rise to any rights under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Contract.

(b) The rights of the parties to rescind or vary the Contract are not subject to the consent of any other person.

11.9 Governing law. The Contract, and any dispute or claim (including non-contractual disputes or claims) arising out of or in connection with it or its subject matter or formation, shall be governed by and construed in accordance with the law of England and Wales.

11.10 Jurisdiction. Each party irrevocably agrees that the courts of England and Wales shall have exclusive jurisdiction to settle any dispute or claim (including non-contractual disputes or claims) arising out of or in connection with the Contract or its subject matter or formation.

11.11 Errors. The Company reserves the right to correct any typographical errors made by its employees, agents or servants.

12. CONSUMER CONTRACTS

Where the Customer deals with the Supplier as a consumer the Consumer Contracts (Information, Cancellation and Additional Charges) Regulations 2013 (the Regulations) shall apply and to the extent that the above provisions are inconsistent with such regulations then the Supplier's duties under the Regulations shall prevail. Without prejudice to the generality of this clause where the Customer is a consumer within the meaning of the Regulations:

(a) The 14 day cancellation and refund rights in the Regulations shall be available to the Customer

(b) Risk in the Goods shall pass in accordance with the Regulations on delivery unless the courier is one not offered or named by the Supplier as an option, but chosen and arranged by the Customer. In this case risk passes to the Customer when the item is delivered to the courier.

(c) Unless the Supplier and the Customer agree otherwise, delivery of the Goods shall be made without undue delay and within 30 days.

(d) No additional payments not specifically agreed with the Customer will be added as a default option to any Order.

(e) No phone charges on top of the basic call rate shall be added for any post completion queries.
